

𐤀𐤓𐤁𐤏 Messianic Revolution of Time 2021-2022

From Beginning to End His Name Has Not Changed

Bereshith 2:4

These *are* the generations of the heavens and of the earth when they were made, in the day that

𐤀𐤓𐤁𐤏 ELOHIM made the earth and the heavens.

Revelation 22:6-7

And he said to me, "These words are trustworthy and true. And 𐤀𐤓𐤁𐤏 ELOHIM of the set-apart prophets has sent His messenger to show His servants what has to take place with speed. "See, I am coming speedily! Blessed is he who guards the words of the prophecy of this book."

Revelation 22:12-21

"And see, I am coming speedily, and My reward is with Me, to give to each according to his work. I am the 𐤀 and the 𐤁 the **Beginning** and the **End**, the **First** and the **Last**. "Blessed are those doing His commands, so that the authority shall be theirs unto the tree of life, and to enter through the gates into the city. "But outside are the dogs and those who enchant with drugs, and those who whore, and the murderers, and the idolaters, and all who love and do falsehood. "I, 𐤐𐤄𐤓𐤁𐤏 have sent My messenger to witness to you these matters in the assemblies. I am the Root and the Offspring of Dawid, the Bright and Morning Star." And the Spirit and the bride say, "Come!" And he who hears, let him say, "Come!" And he who thirsts, come! And he who desires it, take the water of life without paying! For I witness to everyone hearing the words of the prophecy of this book: If anyone adds to them, **ELOHIM** shall add to him the plagues that are written in this book, and if anyone takes away from the words of the book of this prophecy, **ELOHIM** shall take away his part from the Book of Life, and out of the set-apart city, which are written in this Book. He that bears witness of these matters says, "Yes, I am coming speedily." Amēn. Yes, come, Master 𐤐𐤄𐤓𐤁𐤏 ! The favour of our Master 𐤐𐤄𐤓𐤁𐤏 Messiah be with the set-apart ones. Amein

The Hebrew language, has been recently found to be the most ancient Semitic language, and is first found on rock carvings dated to the time of Israel's departure from Mitsraim. These Post Sinaitic and Paleo Hebrew word pictures have also been traced back as far as the time of Abraham and referred to as Early Semitic language. With this evidence, though not limited to any one form of communication, it appears to be the preferred language that YHWH spoke when instructing HIS people. From other ancient writings it was the language of Noah, passed down to Abraham, Yitshak and Yaacob and then revived when Mosheh heard and recorded the Torah to Israel at Mt Sinai in Arabia. This language was unique to all other complex ancient languages of its time, which had thousands of characters and sounds, in that it had few letters and was simple enough for a child to learn. It is the origin of all modern alphabet related languages which include: Phoenician, Arabic, Greek, Latin, Samaritan, and all European Languages including Spanish, French and English.

This year we will be continuing to observe the year according to the Scripturally verified calendar as described in the Book of Enoch. This calendar was also observed during the time of Messiah Yahusha by the Zadokite priests as found recorded in the Dead Sea Scrolls (DSS). Using their detailed record of its use during a 6 year period from around 41-47 BCE, this calendar has been restored and verified to be in exact alignment with the 6 year period of 2016-2022. In the DSS 4Q320 it states that on the 3rd (day) in (the week of) **Ezekiel**: is the Passover and that on the 1st (day) in (the week of) **Gamul**: the Waving of the Sheaf "of Firstfruits". It also says that the beginning of the 6th year **Aphases** is the priest who starts the new year. All three of these line up as in our 1st month of the year as highlighted above. Because of this we have chosen to keep our reckoning of the year, weekly Sabbath, annual feasts and other observances in alignment with this manner of understanding. It is as a memorial to the finished and coming works of Messiah Yahusha that we observe and we hope to have confirmation as we consider adding the special week at the end of this year.

1600 verses in our Scriptures contain the words YHWH and ELOHIM and 454 times they are connected specifically together as YHWH ELOHIM proper. This is the Name YHWH with the description ELOHIM. The meanings are "All-Existent One" and "Mighty One". There are many proclaimed "mighty ones" but only one MIGHTY ONE and his name is YHWH. HIS NAME also represents His person, or as some would say character and nature. But HE is not natural in any sense nor defined by physical characteristics. He is defined by being all existing and SPIRITUAL as described in HIS WORD. Any elohim/god with attributes outside the context of the Written Scriptures is a false elohim and is not THE ONE TRUE ELOHIM YHWH that we proclaim.

According to DSS 4Q320 the Feast of weeks fell on the 1st (day) in (the week of) Malchyah. Also called Shavuot or Pentecost this annual Sabbath always occurs on the 15th day of the 3rd month, which is a 1st day of the week. This only happens because the count begins on the Feast of Firstfruits of Barley 50 days earlier on the 26th day of the 1st month.

According to the Dead Sea Scrolls and the Book of Enoch, the year is divided into 52 weeks (shabua) which equal 364 days (yom) and are contained within 12 months (chodesh). The months are divided into 4 quarters of 30 day each with an added day at the end of each quarter. This can be seen above in this 3rd month of the year where we have a 31st day included. According to Enoch's revelation, this day is a unique day that was called a tequfah or literally "turn of the year" and appear to be the original solstice and equinox times. It is not certain how these days have become separated from the current seasonal changes that we observe today, but they are understood to still be functional in YHWH's reckoning of time. Enoch 82.11 *Their four leaders, who divide the four parts of the year, appear first; and after them the twelve leaders of the orders, who divide the months and the years into 364 days, with the heads over thousands, who separate the days. And for the four days, that are added to them, there are the leaders who separate the four parts of the year.*

The most significant calendar references in the DSS occurs in scroll 4Q321. It is in this scroll that the writer records several critical observances within their writings that make it possible to parallel this calendar with the years 2016-2021.

Because the writer logs: the day of the week, the priest that is serving, the day of the month, month in the year, as well as the lunar cycle on a particular day, we have enough information to determine exactly how this calendar worked 2060 years ago, as well as determine that we are in the 6th year of the priestly cycle this year.

The Scroll records that the new moon was on the 1st day of the week during the service of Bilgah which was also the 24th day of the 5th month. It also records that it the seventh day of the fifth month during the week of Yakim was a 5th day of the week.

References to the Firstfruits of barley, wheat, wine, oil, herds and flocks

Deuteronomy 12:17 "You are not allowed to eat within your gates the tithe of your **grain**, or of your **new wine**, or of your **oil**, or of the firstlings of your **herd or your flock**, or of any of your offerings which you vow, or of your voluntary offerings, or of the contribution of your hand.

Deuteronomy 28:51 and they shall eat the **fruit of your livestock** and the fruit of your **land**, until you are destroyed. They leave you no **grain, nor new wine, nor oil, nor the increase of your cattle or the offspring of your flocks**, until they have destroyed you.

Jeremiah 40:10 "And I, see, I am dwelling at Mitspah, to serve the Kasdim who come to us. But you, **gather wine and summer fruit and oil**, and put them in your vessels, and dwell in your cities which you have taken."

As mentioned in past months, the calendar of the DSS community was identical to that which we are currently observing. As seen again in this month, we can verify and see that we are observing the months, days of the week and timing during the lunar cycle as they were some 2060 years ago. Within the Biblical Calendar debate, there is not another calendar in the world that parallels this reckoning of time. It is truly unique. As recorded in Scroll 4Q320 the 4th (day) in (the week of) Ezekiel: the Day of Memorial (Yom Turuah). Also on the 6th (day) in (the week of) Yachin: is the Day of Atonement (Yom Kippurim). Also on the 4th (day) in (the week of) Gamul: the Feast of Tabernacles. If this is not compelling enough Scroll 4Q321, fr. 4 includes that the New Moon is on the fourth (day) [in (the week of) Delayah which is on the twenty-second (day) in (the seventh month.)

The Aramaic language had the same 22 letter alphabet as Paleo Hebrew. The letters likely had the same names, and same sounds, but looked different. It is believed that Ezra began using the Aramaic Script and according to Jewish Tradition, established the Aramaic Script as the ONLY Script for Biblical manuscripts. It is said that this was to make it easy for the Israelite Exiles to re-learn their Scriptures and their ancient faith. The Script Ezra used (Aramaic) is still the script we see today in the Hebrew TaNaK. The ancient Hebrew language (including Paleo Hebrew and Aramaic) did not have a written system of vowels. Only the consonants were written. Between the fifth and tenth centuries of the Common Era, Karaite Hebrew Scribes (called the Masorites) of the BenAsher family developed a system of vowels to be added to the Biblical Hebrew texts. The Texts they codified became known as the Masoretic Text. These vowel "points" were added to the text in a way that the consonants were not changed. The vowels are a system of dots and dashes above, below, and in between the Hebrew consonants.

Many non-Jewish people in the world today never seem to ask the question of what language the so-called Jews are really speaking. Overwhelmingly it is assumed that they are speaking the ancient language of Hebrew. This could not be further from the truth. The Khazarian (Turkic) people that call themselves Jews actually speak Yiddish. In fact the word Yiddish means Jewish which comes from the word Yid which means Jew. So Yiddish is not to be confused with Hebrew. In fact the Khazarian a.k.a. Jewish/Yiddish language originated in the Ashkenazi culture that developed around the 10th century. Yiddish seems to only be a hybrid of Hebrew sounds and heavy medieval German/Slavic dialects. Yiddish takes three-quarters of its vocabulary from German, but borrows words liberally from their version of Hebrew and many other languages from the many lands where Ashkenazi Jewish speaking people have lived. It really has a grammatical structure all of its own and its writings are based on a made up alphabet loosely based on the Hebrew characters of the Alphabet.

Around the 10th century during this period, the Masoretes of Tiberias established the Hebrew language orthography, or niqqud, a system of diacritical vowel points used in the Hebrew alphabet. They also use a system called Cantillation of the Hebrew Scriptures. Cantillation means to chant. This would allow them to change or modify paragraphs and verse divisions that could not be understood easily. Having to so-call modify the pronunciation, paragraph and verse divisions and Cantillation of the Hebrew Scriptures with a system of pronunciation and grammatical guides of their own these Jews, who were not of Israel nor had the Spirit that Yahusha promised to His people, developed the pronunciation system still used today in the Strongs and BDB dictionaries.

This is something to consider when seeking to be a part of the prophet Zephaniah's words: **"For then I shall turn unto the peoples a clean lip, so that they all call on the Name of יהוה to serve Him with one shoulder."** This is also why the Zadokites writers of the DSS always used the Paleo Script when writing the Name.

The Ancient Hebrew language is the oldest written alphabet. The earliest written language (according to modern scholars) is the Proto-Sinaitic script, which the Biblical Hebrew language directly descends from. The Paleo Hebrew Script is the script Mosheh originally wrote the Torah in, and Paleo Hebrew is the ancient language the Israelites spoke. In modern languages, words are generally understood to be spellings of sounds. Definitions are determined by usage, shifting with times and changing vernaculars. Sometimes the original meanings survive, and sometimes they don't. This is as true of modern Hebrew as it is of English. The ancients, however, had a much richer and more organic sense of language. Language was acknowledged to be the gift of אֵלֶּיךָ and words were seen not as spellings of sounds, but as living and very possibly the language of the Maker.

3/20/2022 5 Equinox 5:33 pm 5	3/21/2022 6 6	3/22/2022 7 7	<p>The one issue that is not clearly addressed in any calendar writing, is how and when to add the adjustment week that will keep it on track with the movements of the sun, moon and stars. It seems that this 7 day leap period would tie in with the 7 year Sabbath cycle and as seen in the DSS 6 year priestly cycle, the 7th year is not mentioned. We will be tentatively adding a week prior to the beginning of 2022 year and these 7 days will be counted separate from the year, keeping the weekly 7 day cycle in sequence and the 364 day year for next year.</p>
